

## **ABATE of NY Legislative Position Paper – February 3, 2025**

**A1788/S2061** – Provides for certain presumptions for reckless driving and the implementation of a reckless driving and vehicular violence awareness component of the pre-licensing course for a driver's license.

By introducing presumptions for reckless driving, this bill aims to hold accountable those who endanger others through their actions behind the wheel. Additionally, integrating a vehicular violence awareness component into the pre-licensing course underscores the importance of fostering a culture of responsibility and respect among drivers. ABATE of NY believes that such initiatives will not only enhance road safety but also contribute to a more informed and conscientious driving community. Through education and awareness, ABATE of NY seeks to reduce the incidence of reckless driving and vehicular violence, ultimately creating safer roads for all users in New York State.

**S2436** – Prohibits the sale of ATVs and off-highway motorcycles in the city of New York; provides enforcement mechanisms and penalties.

Such a blanket ban would unjustly restrict the rights of individuals to own and enjoy these recreational vehicles within city limits. While ABATE of NY acknowledges the need for responsible use and regulation of these vehicles to ensure public safety, it argues that a total ban is an overreaching measure that penalizes law-abiding enthusiasts. Rather than outright prohibition, ABATE of NY advocates for comprehensive education, training, and enforcement initiatives to promote safe and responsible ATV and off-highway motorcycle use.

**A966/S2308** – Relates to motorcycle awareness on state highways by affixing signs stating “Watch for Motorcycles.”

By advocating for the installation of motorcycle awareness signs on state highways, ABATE aims to promote mutual respect and understanding between motorcyclists and other drivers. These signs serve as valuable reminders for motorists to remain vigilant and share the road responsibly, ultimately reducing the risk of collisions and injuries involving motorcycles.

**A2552/S3156** – Makes certain exceptions for violations pertaining to certain mufflers and exhaust systems.

This bill proposes essential exceptions for violations related to specific exhaust systems on motorcycles and other vehicles. By allowing for reasonable exceptions, A2552/S3156 ensures that motorcyclists can enjoy the freedom to choose exhaust systems that meet both legal standards and their individual preferences without facing undue penalties.
